The identification of the existence of strategic groups within Portuguese franchising constitutes the main aim of the present paper. After the incident, Manal asked Nur about the teacher and learned that she was verbally abusive and that he saw her hit other children with a ruler.

The text that follows are unpublished. A boy and his computer intelligence friend solve the mystery of a cheat at school. There's no point in learning to live in a society that does not exist or that lives over on the other side of the Iron Curtain. Some of these ways deal with replacing the perfect unison or perfect octave with other consonances; some rely on rhythmic stratification or rests in a defining voice of the texture.
